President's Message

The FCA is only two months away from our 1996 Falcon Club of America Nationals that are to be held in Springfield, Missouri. Hopefully this will be the biggest and best ever. The centralized location should draw members from all over the country. You might want to take an extra day or two to visit Branson, Missouri, which is close by. See a few of the country stars and hear some country music.

My wife Diane came across this story, and I'd like to share it with all of you.

This is a story about four people named: Everybody, Somebody, Anybody and Nobody.

There was an important job to be done and Everybody was sure that Somebody would do it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have.

Be Somebody!

Technical Help Needed

I am rebuilding a 1963 Ranchero, 170 cid, manual trans, and am interested in high performance tuning tips, modifications, equipment or other performance data, especially how to increase carburation with the integrated manifold on this engine. Any data would be appreciated including sources for equipment or old articles. About 20 years ago, Smokey Yunick or Al Miller wrote a great article on souping up these engines for either *Hot Rod* or *Rod & Custom* magazine. I would like to get a copy of that article if anyone out there has it.

Thanks to anyone who can help.

Vice President's Message

Mid-March and time for a status report on the '96 National Conventional. Jim and I traveled to Springfield a couple of weeks ago to finalize the banquet menu, some details with the hotel, Convention Bureau and Police Department. We're ready!

We arranged to have this event professionally taped again this year. Tapes will be available by order through the club store. Better call Bonnie and reserve your copy now. There will only be 60 copies available. Contact Bonnie at her 800 number for details. The banquet menu will be a two-entree buffet — brisket, sausage and all the trimmings. The hotel also furnished us with over \$1,500 worth of discount coupons for their restaurant that will be in your registration packet. They are also setting up some special snacks and meals just for us. The place should also be newly decorated by the time we arrive in July.

A Big Thanks to the Lone Star Chapter for taking their hard-earned nationals funds and donating the cost of the centerpieces! At \$475, this demonstrates their dedication! The Heart of Texas Chapter was also heavily involved with the past nationals, so hats off to them all.

We have only three T-shirt sponsors to date and require 10 to make it work since this is really our source of revenue. There are 27 members registered to date — seven with no car, one display only and 19 cars; 40 members are registered for the banquet. The dash plaques and centers for the centerpieces have been received. The wall plaques are ordered. All printed materials have been received, and I finally finished printing all the numbers for the "vote for" cards. My printer is thankful! Last evening was spent separating tickets for door prizes (four per registration). **Got anything you would like to donate for door prizes or goody bags?** If each chapter donated just one item, that would be great!

President Hatcher is handling all the duties and volunteer positions this year. If you or your chapter would like to help with this convention, give him a call and volunteer. It is your convention! If you have never attended a Nationals, make this one. I personally guarantee you will not want to miss another one! Please register as early as possible and don't forget your reservations with the hotel.

In closing, we have a member that has traveled over 12,000 miles to attend two FCA National Conventions. Yes, he will make the trip again this year! Thank you, Leonard Small!!! For both the early registration and being "One of Ours." I don't wanna hear none of that "It's too far to drive" anymore. Oh, Beverly Engle called and reported the whole state of Michigan would be in attendance. Will Yours?

Love Ya All,
Marty

In the Spotlight from Austin, Texas

"1963 Sprint"

Meet Prissy, an original '63 Sprint convertible with 260 V8 (Ford 4bbl. added with performer intake and 260 cam) with BW 4 speed, power steering, and backup lights. I purchased her two and a half years ago from someone in town for \$3,100.00.

One day as I went to get some new rear springs, a truck turned in front of me, damaging the left front. Prissy was put in a reputable shop here in Austin, but they really didn't want it. There were many problems with them, and after five months I got back the car. She was repainted Rangoon red from her original Wimbledon white.

After leaving work the next day, another person turned out of the right of the highway to make a left turn. There was nowhere for me to go! This time the right front and side were damaged. I found a classic car restorer this time, but still think there is someone out there that can put trim on straight.

It's been a long time now since she was wrecked, but because Prissy is my only car, there are a lot of close calls (have you ever driven the streets of Austin, Texas?).

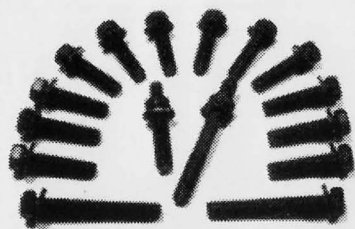

My wife and I love to drive this pretty little hot rod in the Texas Hill Country on weekends in the summer, and there is no better little car in which to do it than Prissy! She is always dependable and the ride is great. I wish I could let other people enjoy driving her, but she is just too precious to me.

Soon I'll be putting a 302 in her to up torque characteristics. Hey, you purists, this is my daily driver, not a show car, so, keep your shirts on! She gets lots of thumbs up, as you Falcon lovers know, and it is pure pride to drive her. I just hope she lasts forever!
